Grayling To Host Class D Regional Next Week

Grayling may well have one of the top class D basketball regional tournaments in the state next week, with the possibility of three state ranked squads fighting to advance to the quarterfinal round of state basketball tournaments.

Mike Branch, Grayling High School Athletic Director, announced this week that Grayling has been awarded a Class D regional to be played on Tuesday, March 13, Wednesday, March 14, with the winners playing Friday, March 16 for the championship.

District winners assigned to the Grayling regional will be from Manton, Ellsworth, Johannesburg-Lewiston, and Mio.

Teams entered in the separate districts include: Manton District: Marion, Manton, McBain Northern Christian and McBain Public.

Mio District: Augres, Fairview, Hale, Mio and Arenac Eastern.

Ellsworth District: Alba, Boyne Falls, Central Lake, Ellsworth and Bellaire.

Johannesburg District: Atlanta, Hillman, Posen and Johannesburg-Lewiston.

The three ranked teams are Mio, Ellsworth, and McBain Northern Christian.

Branch stated that all games will start at 7:30 p.m., with admission set at \$1.50 for all spectators.

Tax Sale List In This Issue

This edition of the Avalanche contains the Michigan State Treasurer's petition to the Circuit Court in Grayling asking for authority to sell at public sale various parcels of land in Crawford County that are alleged to be delinquent for taxes in 1976 and prior years.

The petition includes a listing and description of such real estate parcels. The petition also asks the court for a decree designating the first Tuesday in May at 10 a.m. as the time of the sale of such properties delinquent for 1976 taxes.

Also the petition instructs persons who desire to contest liens for taxes, interest and charges to file their objections with the clerk of the court on or before the first day of the court's April term.

The list this week appears on pages 4 and 5 in Section B.

The tax list will appear in this and the next two issues of the Avalanche.

Dial-A-Ride Fate Hinges on Millage Proposal

Crawford County Commissioners Larry Mattis and Jackie Bonkowski, County Treasurer Joe Wakeley and Dial-A-Ride Manager Chet Johnston returned from Lansing last Friday with word that the State Department of Transportation has agreed to fund Crawford County Public Transit through to a millage election planned for April 30, 1979.

Should the 3/4 mill proposal pass, the state has further agreed to subsidize the system through the remainder of 1979. Should the millage attempt fail, however, state support will cease, and Dial-A-Ride services in Crawford County will end.

County officials credit State Representative Ralph Ostling with providing the extra influence needed to persuade the state to grant the extra assistance.

Golfers Notice

Membership applications have been mailed to all 1978 members of the Grayling Country Club. Please Note: One important change is the ruling by the board that "no locker or storage space will be reserved beyond April 1, 1979, unless paid" by that date.

Anyone wishing an application may contact Bob Bovee, Grayling Country Club, P.O. Box 529, Grayling, MI. 49738.

COOR Meeting

The C.O.O.R. Intermediate School District and the C.O.P. Intermediate School District will hold a joint meeting on Wednesday, March 21, 1979, at 8:00 p.m., at the Grayling High School, to consider a transfer of property from the Crawford County Sable School District to the Gaylord Comm. Schools. The request for transfer is made by Mr. and Mrs. Gordon Peterson and family.

Kelley Nixes Insurance for Road Board Members

by Joe Schrader

In an opinion rendered by Frank J. Kelley, Attorney General, to Prosecuting Attorney Thomas Kent dated February 26th, advised that Road Commission officials were not entitled to certain insurance benefits they've apparently enjoyed in the past. Attorney General Kelley, determined that Road Commissioners were unable to participate in a program for retirement, health care, medical care or life insurance provided its employees pursuant to statute.

Accordingly, in a letter to Board Chairman Larry Mattis dated February 27th, Kent suggested that members review the resolution invoked by the County Board of Commissioners on January 15th. In the meantime, it appears that health, medical and life insurance benefits for Road Commissioners may well have to be revoked by the Attorney General's most recent opinion. Thus a long-time controversy over the subject may well be resolved.

KIWANIS HELPS YOUTH PROGRAMS—Fred Engdahl was the guest speaker at the regular meeting of the Grayling Kiwanis Club on Monday, February 26, 1979. Engdahl has recently been hired by the Tri-County Youth Service Bureau to direct an Outer Limits type program for referred youths from the three counties of Oscoda, Otsego and Crawford. His program for the Kiwanis was a presentation on what he is planning to do. As president of the newly reorganized Big Brother-Big Sisters of Crawford County, he accepted a check from Chuck Fick on behalf of the Kiwanis for \$250 for the Big Brother-Big Sisters program.

Complete 4-Year Program Fire Fighters Honored At Graduation Ceremony

by Joe Schrader

Grayling area Volunteer Firefighters were honored and presented medals at a special ceremony held last Saturday night for completing a comprehensive, fire-fighting instruction program that started back in 1975. Grayling Mayor Derek McEvers and Township Supervisor Bernie Fowler made the

official presentations to the fifteen graduates at a dinner held at the Legion Hall.

The extensive training program involved a total of 246 hours of instruction. Bill Jacobs, Instructor, along with Leonard Blackmer, Area Coordinator and Phillip Alber, Training Council Executive Secretary, were on hand for the presentation

ceremony. Each made appropriate comments about the important significance the accomplishment represents to local residents.

Their wives, "Monday night Widows", attended, along with a large group of interested citizens and other local officials.

Completion of the program by firemen here in Grayling means they are each certified by Michigan to completely and professionally fight fires anywhere in the State.

Even though some time off was taken during holiday and summer periods, each of the graduates was otherwise required to attend class four hours every Monday night throughout the course. Participation in the training exercise was voluntary.

The Grayling Volunteer group is the first in northern Michigan to have completed

**Social Services
Open House

The Social Services Board today announced that an Open House at their new facility will be held on Tuesday, March 20th. The office is located behind Van's Building Center. Interested citizens are invited to attend and the hours have been set from 2 - 4:00 p.m. According to the board, normal business hours will be closed that day from 1-4:00 p.m. except in cases of emergency. Further information will appear in next week's addition of the Avalanche.

**Men's Annual City
Assn. Tournament**

Team captains are requested to complete their entry forms for the annual team, doubles and singles championships tournament that will start on Monday, March 12th.

Completed entry forms can be turned in at the Legion Lanes or to Glenn Sawyer, tournament manager.

Saturday, March 10th will be the last day entry forms will be accepted.

Form Economic Development Corporation for County

By Walt Nowak
Executive Director

The recent formation of the Economic Development Corporation for Crawford County has stirred many comments in the community about incoming industry. It goes without saying that the EDC is a very necessary vehicle in promoting industrial expansion and attracting new industry and that it was a long time coming. The co-operation of the County Commissioners and their faith and confidence has been a great factor in the establishment of the Corporation. The Board of Directors of the Corporation are appointed by the Commissioners and serve for staggered terms at the outset, the subsequent Directors are appointed for a six year term.

The original Directors are the following:
6 year terms: Bill Bonkowski, Dick Schiehuber, Larry Gust, and Ken Carlisle.
5 year term: Paul Lerg and Joe Wakeley.
4 year term: Ron Fraser and Dick DuBois.
3 year term: Chuck Fick.
2 year term: Thane Hendershot.
1 year term: Nelson Miles.

Officers: Bill Bonkowski- President, Chuck Fick-Vice President, Joe Wakeley-Secretary Treasurer, Walt Nowak-Agent of Record.

Several inquiries have been received by the Corporation relative to the Bear Archery Building, especially the one of the Model A Car Co. which has been making the papers and TV lately, however, we hasten to add, nothing definite has been agreed upon as of this writing.

Many meetings have been held with the principles of the Company discussing the attributes of the area, labor availability, tax programs, wage scales, etc. The EDC is even involved in the process of obtaining financial assistance with State and Federal Agencies. At a recent meeting with the Model A Company, we arranged to have representative of the Detroit and Mackinac

Railroad Co., the State Highway Dept., Kirtland Community College for training personnel, Upper Great Lakes Commission for additional funding, City of Grayling, MEMSCA and the Department of Commerce EDC of Lansing.

The meeting was an exploratory venture to uncover all of the avenues in which we could proceed in assistance with the Model A Company. At this point, I repeat, we have no definite agreement with the Company. They are also considering Battle Creek, and like other communities, everybody is offering them a bigger piece of pie.

The EDC of Crawford is also involved with a local industry who is contemplating a sizeable expansion program with a new building, machinery and equipment. We are giving this matter more serious consideration. Here is an opportunity to assist a proven client who has demonstrated an ability to succeed and has the know-how of production and also has substantial working contracts in his possession for the future. Public meetings will be held with the County Commissioners when the EDC has a program and proposal ready for their approval.

I should point out that the local agencies have co-operated in every respect, such as the City Manager, The Milltown Realty who are handling the Bear Property, the Chamber of Commerce and other interested citizens. If we don't get the Model A Company, it won't be because we haven't tried. We will keep you posted with late developments in this and other areas as soon as information is ready for release. In most cases, clients request that inquiries remain confidential until at least some agreement has been accomplished. We expect to keep that promise. Further information relative to the Crawford County Economic Development Corporation can be obtained by calling any of the Directors or Walt Nowak at the Chamber of Commerce.

Health Dept. Holds Clinic

The Michigan Department of Public Health, the University of Michigan Study of Association of Influenza and Reyes Syndrome and Dist. No. 1 Health personnel, according to Dr. Cardinal, will be conducting a study of the children K-12 in the Grayling area on Wednesday, March 7th, to find out how often some of the blood chemistry changes of Reyes Syndrome occur in children with and without influenza.

This past Monday, an information sheet was sent home with the children. Parents are requested to please read it carefully and fill out and return to their student's school. We ask that, if possible, a parent or responsible adult accompany the children in the K-8th grade.

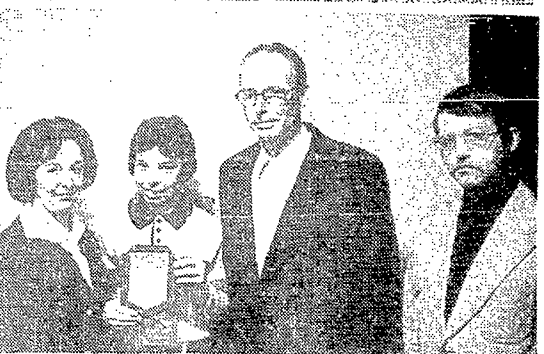

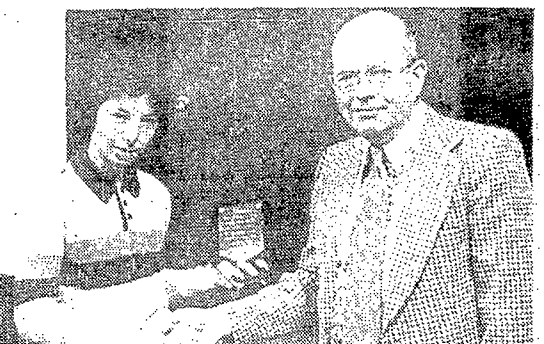

On Tuesday, a letter was sent home to further explain this study. Any child that is afraid or apprehensive will be excused.

The clinic for this study will be conducted on Wed. and Thursday, March 7th & 8th.

A second test will be done on these same children in

the next 2-4 week period. "We hope all children will participate in this study maybe, just maybe, we will find a key to Reyes Syn-

drome that will prevent another tragic death," commented Bev Wagoner, Health Educator for the Health Department.

Warning

Range firing will be conducted by units of Michigan Air National Guard during the period 7-10, 13-17 and 20-24 Mar 79.

The Air to Ground Range which is located east of Guthrie Lake and north of County Road 612, will be in use during this period.

High performance fighter aircraft will be firing on this range.

This range will be closed during the above dates and all persons are warned to stay out of the range area.

RECEIVES CITIZENS AWARD—For services described as "above and beyond the call of duty", Christopher Wright of Grayling was presented a Citizen's Award by the Sheriff's Dept. Association at their meeting this past Saturday morning.

In August of last year, Chris, who lives on the AuSable River, observed a breaking and entering along the AuSable, contacted the Sheriff Dept. and continually observed several other B & E attempts until deputies arrived on the scene. The observation and report to the sheriff by the 14-year old ultimately resulted in the apprehension and arrests of a number of individuals involved.

At Saturday's meeting, attended by members of the Sheriff's Association, Lt. Robert Ruddy (above right), presented the plaque to Chris for his noble efforts, and his parents, Mr. and Mrs. Kenneth Wright, shown below, share in his award while Sgt. Chuck Haas (right), who recommended the citation for Chris, looks on. (Joe Schrader photos)

Fraser Committee Report on the Moon Organization

By Rev. Robert Barnett

In response to public interest, we shall present additional facts concerning "The Moon Organization". We shall present primarily excerpts from the summary of

the Fraser Committee report about Moon and the U.C. as declared within the U.S. House of Representatives.

"Among the goals of the Moon Organization is the establishment of a world-wide government in which the separation of church and state would be abolished and which would be governed by Moon and his followers." Page 387, Para 3.

"A Moon Organization business is an important

defense contractor in Korea. It is involved in the production of M-16 rifles, anti-aircraft guns, and other weapons. Moon Organization agents attempted to obtain

permission from an American corporation to export M-16's manufactured in Korea." Page 387, Para 7 and 8.

"The Moon Organization used church and other tax-exempt components in support of its political and economic activities." Page 388, Para 12.

"Although many of the goals and activities of the Moon Organization were legitimate and lawful, there

was evidence that it had systematically violated U.S. tax, immigration, banking, currency, and Foreign A-

From Our Corner ...

Getting around our corner tonight is some what of a different endeavor from our usual traumatic experience of how are we going to start...

Normally we have a few topics in the back of our mind on how we are going to take care of the column, but we struggle for the lead...

Tonight it is different...the lead we have thought about since last week...what may come after, is anyone's guess at this time.

Last Friday night we witnessed first hand, the operations of the Crawford County Volunteer Ambulance Corps in action.

What we observed at Chief Shoppenagons Hotel Friday evening following their call due to a stricken person was as if those who answered the call were medical men...

Numerous times we hear the siren as they are on their way to some emergency...but have just shrugged it off...not really knowing what this Corps involved.

Friday night's call was something like TV that we watch on Paramedics...Grayling's crew is just as efficient...and they are volunteers.

With many spectators around, the crew went about their work as if no one was near...the stricken man was whisked away to Mercy Hospital with many people not knowing they were there...

So, in our humble way, we wish to give the tip of our hat to the following volunteer ambulance corps members...Tony Doremire, John Wilcox, Dean Goss, Fred Reichelderfer, Jim Gray, Pat Kucharek, Mahlon Riker, Mike Hauxwell, Rax Ann Adams and Loren Goodale.

Knowing that these dedicated people are around...Crawford County residents should feel secure in the case of an emergency.

Two weeks ago tonight we were living in that jet-set age and really didn't have to worry about passing out smarts to our many readers...right now, we wish we were back in sunny California.

A few weeks ago we were talking to Jack Alef, President GSB, and he mentioned there has to be something besides an Opossum hunt to take away the doldrums of winter...his recommendation was a festival about this time and call it "Cabin Fever Time"...this has to be some what of a good idea, because, we got the fever along with many of our readers...Jack never did complete his idea of how the working parts were going to be...but then it could have been trivia...something like you are reading right now...

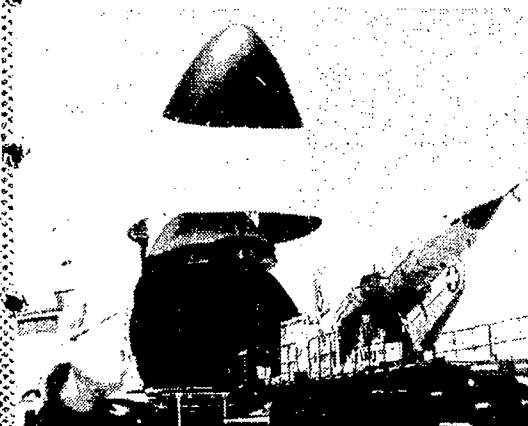

We warned you...the opening of our corner was going to be easy...to fill the rest is a struggle...

An idle thought...we never heard from our unsigned letter to the editor we referred to last week.

While we are on this topic...a short note to anyone wishing to have a letter published in the Editor's Mailbox...this column is not to be used as a tool for some personal petty grievance, it is for constructive criticism or accolades were the populous of Crawford County is concerned.

Another idle thought, and this one has bothered us for some time, only because when we think about it, there is no one around we can ask, or it has slipped our mind when we are taking care of our corner...it is nothing drastic but, we would like to know how come the city stopped blowing the siren at 12 noon, 6:00 and 10:00 p.m. each day? May be a foolish question, but we would like to know.

Think spring...the man upstairs hasn't been listening to me lately.

GETTING THE POINT... One of six F-5 aircraft flown from McClellan Air Force Base in California to Emmen Air Force Base near Lucerne, Switzerland is unloaded from a U.S. Air Force C-5 Galaxy. It marked first time the world's largest aircraft, manufactured by Lockheed-Georgia Company, had visited Switzerland.

Baked Fries
Since french fries foil calorimeters, try this: Cut a baking potato into strips the size of french fries, place on a greased cookie sheet in one layer and bake for 45 minutes at 350 degrees. Each piece should develop a brownish crust that's as crunchy as french fries but much lower in calories. Toss with salt, pepper and a little melted butter prior to serving.

The Bible Speaks

Are Blessed Communion Elements The Body and Blood of Christ

March 8, 1979

If you have read the international classic "Foxe's Book of Martyrs", you are already aware of the thousands of our forefathers who were tortured and killed for the Baptist practice of the Lord's Table. There are those who believe the elements of the Lord's Table become the body and blood of Christ when they are blessed. This is called "Transubstantiation." There are those who believe the body and blood of Jesus Christ become present within the elements when they are blessed. This is called "Consubstantiation." Baptist believe the elements remain the same when blessed, and only picture or symbolize the broken body and shed blood of Jesus Christ.

Jesus had a problem among His disciples when He taught on this subject. Some Jews said, "how can this man give us his flesh to eat?" John 6:52. Jesus said, "For my flesh is meat indeed, and my blood is drink indeed. He that eateth my flesh, and drinketh my blood, dwelleth in me, and I in him." John 6:55,56. Some disciples said, "This is a hard saying: who can hear it?" John 6:60. Some disciples were offended.

"From that time many of his disciples went back, and walked no more with him." Verse 66. Jesus identified the confusion: "When Jesus knew in himself that his disciples murmured at it, he said unto them, Doth this offend you? John 6:61,62. Jesus is raising the question, if you can't understand how to eat my flesh and drink my blood while I am bodily present with you, what kind of problems will you have when my body ascends to Heaven?"

Jesus in the next verse explained what He had been teaching. "It is the spirit that quickeneth; the flesh profiteth nothing: the words that I speak unto you, they are spirit, and they are life. You see they had missed the opening words of Jesus in this discourse. 'Verily, verily, I say unto you. He that believeth on me hath everlasting life. I am the bread of life.' John 6:47,48. It is by faith, believing God's Word that we receive Jesus Christ as the bread of life. It is His spirit which gives us life, not the eating of His literal body and blood.

The Lord's Table consisting of unleavened bread and the fruit of the grape vine, is a memorial to symbolize the shed

blood and broken body of Jesus Christ for our sins. Note the bread, "this do in remembrance of me" and the cup, "as oft as ye drink it, in remembrance of me." 1 Cor. 11:24, 25. "For as often as ye eat this bread, and drink this cup, ye do shew the Lord's death till he come." Verse 26.

Just as Baptism symbolizes our "union" with Christ, even so, the Lord's Table symbolizes our "communion" with Him. These two ordinances preach the gospel of the death, burial and resurrection of Jesus Christ as they are practiced. Neither of these ordinances will save your soul. In fact, neither will even help save your soul. Salvation is not in a symbol of the body and blood of Jesus Christ, but by faith in the real person "Who his own self bare our sins in his own body on the tree." 1 Peter 2:24. (adv.)

LABEL IT A SUCCESS—Joy and Tim Doherty of Schweitzer Elementary School in Westland are among the thousands of students across the state who collected an estimated 20 million Campbell Soup Co. product labels during the sixth annual Labels for Education Program. The labels, collected by students, parents and PTA groups, from December, through last week, are being redeemed by The Campbell Soup Co. for free instructional materials for both public and private schools.

The Westland school collected nearly 9,000 labels and was presented with a 500-label bonus certificate from Borman's, Inc., operators of Farmer Jack supermarkets. Farmer Jack has sent bonus certificates to nearly 1,000 schools throughout the State to encourage participation in the nationwide program. In Michigan, The Campbell Soup Co. expects to redeem their product labels for nearly \$200,000 in school educational materials.

Legal Notice

NOTICE OF MORTGAGE FORECLOSURE SALE

Default having been made in the conditions of a certain mortgage made the 4th day of November, 1977, by David E. Stump and Colleen Stump, his wife, as mortgagors, to the Grayling State Bank, a Michigan Banking Corporation, as mortgagee and recorded on March 30, 1978, in the office of the Register of Deeds for Crawford County, Michigan in Liber 167 page 363 on which mortgage there is claimed to be due and unpaid at the date of this notice for principal and interest, the sum of Twenty Two Thousand Seven Hundred Eleven and 90/100 (\$22,711.90) Dollars and in addition thereto unpaid real estate taxes.

No proceedings having been instituted to recover the debt by said mortgage or any part thereof whereby the power of sale contained in said mortgage has become operative, by reason of such default.

Now therefore, notice is hereby given that on May 11, 1979 at 10:15 o'clock in the forenoon at the front steps (East side) of the Courthouse in Grayling, Michigan, that being the place for holding the Circuit Court for the County of Crawford, there will be offered for sale and sold to the highest bidder at public sale for the purpose of satisfying the amounts due and unpaid upon said mortgage, together with the legal costs and charges of sale provided by law and in said mortgage mentioned and described as follows: To-Wit: In the township of Grayling, Crawford County, Michigan:

Lot 88, Grayling Mobile Estates No. 3 according to the plat thereof as recorded in Liber 3 of Plats, Page 23, Crawford County records.

The period of redemption expires six (6) months from the date of this sale.

Property may be redeemed by paying the amount bid at the foreclosure sale plus 9 1/2% interest and any unpaid encumbrances on the property from date of sale.

Dated: March 2, 1979.

Yam It Up

Have you ever tried whipped yams? Simply boil or bake yams. Remove the skins while still hot. Mash those yams, add butter, seasoning and cream to suit your palate. Whip until fluffy. Fruit juice may be used instead of cream. Serve immediately while hot.

Apply Now For Spring Project Permits

Roscommon—Waterfront improvement projects should commence now, with careful planning and appropriate permit application. This reminder was issued today by the Department of Natural Resources from the Regional Office in Roscommon.

Each summer thousands of projects are undertaken to construct retaining walls, deepen access channels, sand lake bottom bathing areas, and otherwise improve the usability of lakefront or riverfront property. These projects, as well as any other project that includes work below the ordinary high water mark of a lake or stream, must be under permit from the Department of Natural Resources.

Two State laws govern waterfront projects. These are the Inland Lakes & Streams Act (346, P.A. 1972) and the Great Lakes Submerged Lands Act (247, P.A. 1955). These laws cover work on the Great Lakes, any inland lake larger than five acres, and any river or creek.

The laws require persons planning waterfront projects to submit their plans for public review. The purpose of these statutes is to protect the rights of adjacent riparian property owners, as well as the interests of the public, from ill conceived or damaging projects.

Those who begin projects on the water without the proper permit face either criminal or civil prosecution.

Application forms for the permits are available at any Department of Natural Resources office. They are also available by mail from the Department of Natural Resources, Land Resource Programs Division, P.O. Box 30028, Lansing, MI 48909.

"You should apply early for your permit," advises Dick Sikkenga, Regional Submerged Lands Supervisor for the Department of Natural Resources in the northern Lower Peninsula. "The law specifies that the project plans be on public notice for 20 days before a decision is made to issue or deny the permit. However, it may take as many as 60 days to complete processing of the application, depending on whether or not we receive a complete application with proper drawings."

Sikkenga also noted that questions may be direct to the Land Resource Programs Division Staff in Lansing 517/373-9244 or Roscommon 517-275-5151.

Air Force Graduate

WICHITA FALLS, Tex. Airman William R. Weiman, son of Mr. and Mrs. Robert W. Weiman of 607 Ogema St., Grayling, has graduated at Sheppard AFB, Tex., from the U.S. Air Force technical training course for medical service specialists.

Airman Weiman, is now trained to assist in the care and treatment of patients, is being assigned to Wright-Patterson AFB, Ohio, for duty with a unit of the Air Force Logistics Command. Completion of the course earned the individual credits towards an associate in applied science degree through the Community College of the Air Force.

The airman, a 1976 high school graduate, attended Jackson (Mich.) Community College, and Spring Arbor (Mich.) College.

Roscommon Student with Alma

ALMA—Thomas Weede, an Alma College junior from Roscommon, Mich. has been named station manager for the college's new radio station, WABM.

WABM, completely run by students, has a diversified programming schedule. Broadcasts are transmitted by carrier current to the dormitories on campus.

As station manager, Tom is in charge of all aspects of the radio station. He is also a disc jockey for the station.

A 1976 graduate of Roscommon High School, Tom is the son of Mr. and Mrs. Tom Weede, of Rt. 1, Box 982, Roscommon.

News of Good Things Growing

The first signs of spring can perk up even the dullest day, when the sun starts setting later and the days begin getting warmer. And warm days, with freezing nights are good for one of Michigan's agricultural industries - maple syrup.

It's this type of weather which makes sap run and makes possible delicious Michigan maple syrup for topping hot waffles or pancakes, making rich maple candy or glazing your favorite meat dish.

For an added treat this year, try maple barbecued spareribs or baked maple lima beans. Just substitute maple syrup for sugar in your favorite recipe by using one and one-half cups syrup for each cup of granulated sugar. Baked goods made with maple syrup should be baked 25 degrees lower than the same recipe using sugar. Be sure to add one-quarter teaspoon soda for each cup of maple syrup and cut down any liquids by one-half where sugar is eliminated.

Each year in Michigan an average of 85,000 gallons of syrup are produced, fifth highest production in the nation, according to Michigan Department of Agriculture officials.

Only pure, boiled-down sap weighing at least 11 pounds per gallon may have a maple syrup label, reports Dr. Edward Heffron, MDA's Food Inspection div. chief.

"Syrups may legally be sold as mixtures of maples and other syrups, but the law requires these to be labelled showing the percentages. They must be labelled either

imitation maple or maple-flavored syrup." To make one gallon of maple syrup, about 40 to 50 gallons of sap must be collected. Holes are drilled into a tree and a 'spile', allowing the sap to flow into a bucket or tubing, is placed in the hole. Each tap will yield 15 to 20 gallons of sap during a season, depending on the size of the tree. Larger trees will accommodate two or more buckets. Contact: Betty Springer or Margaret G. McCall.

G.H.S. Volleyballers Lose In District Tourney

by Joe Schrader
Volleyball Coach Nancy Lemmen reported today that her Varsity team lost to a tough Oscoda squad last Saturday in the District Tournament, 15-7, 16-14, 13-15, 15-10. Oscoda went on to win the tourney with Ogemaw Heights taking 2nd place. Other participating Class B teams included Petoskey, Cheboygan & Gaylord. Coach Lemmen said that the school closing last week negated team practice, but Oscoda "would have

been tough to beat anyway. They play a high level of volleyball for northern Michigan," she concluded.

Prior to the Districts, the varsity traveled to Standish-Sterling and brought home a 2-0 victory and the JV team was also victorious, winning two of three matches. Commenting on the varsity's win, Coach Lemmen termed the team's performance "one of the best played games of the season."

The JV and varsity squads split a pair of contests here at home on February 21st, the junior team winning 3-0 while the varsity squad lost three out of four.

gents Registration Act laws, as well as State and local laws relating to Charity fraud, and that these violations were related to the organization's overall goals of gaining temporal power." Page 388, Para 13.

In light of the above conclusions alone you may wonder why immediate action was not taken. Perhaps the following paragraph taken from page 411 under "Special Problems in the Conduct of the Investigation" will answer our questions:

"The hostility of some components of the Moon Organization, such as the Unification Church (UC), created special problems for the investigation. Followers of Moon not only refused to cooperate on a voluntary basis, but also resisted inquiries put to them under subpoena, absented themselves, conducted well-financed and organized propaganda campaigns against Chairman Fraser personally and the investigation itself, and filed a \$30 million lawsuit against Chairman Fraser and two members of the investigative staff. From the outset, representatives of the UC and other Moon Organization components charged the subcommittee, and in particular its chairman, with violation of First Amendment rights to freedom of religion and association."

"Many persons with information about the Moon Organization expressed fear that they would be harassed with lawsuits if they spoke to the subcommittee." This fear resulted in part from the perception that the UC has unlimited financial resources to pursue legal actions, frivolous or otherwise, against any person or organization threatening it." Page 412, Para 2.

The above quotes give you but a general taste of what has been uncovered about the Korean antichrist Sun Myung Moon and his worldwide conglomerate. Nothing is said of the Fraser Subcommittee. Nothing is said about the document in which Moon ordered 300 young, pretty girls to sway our congressmen. Many of you may have read about the three good-looking Moonie girls working for former Speaker of the House, Carl Albert. One of these girls, Suzi Park Thomson, testified in the South Korean bribery scandal.

The Moonies took the city of Jackson, Michigan to Federal Court and forced a repeal of the city's Charitable Solicitation Ordinance. Jack Hagel, Michigan director of missionary affairs for the U.C. said: "We're now going to open up on about 65 cities in Michigan with laws like this."

In Northern California the Moonies have infiltrated charity groups which provide aid to the elderly and poor. Former Moonies have testified that they sorted out the best for use by the "family" members and Moonie leaders, and passed the poorest quality for distribution to the elderly and poor. Ex-Moonie Leach told how "Deception is used in fundraising by Moonies in...Wheel chairs, 'Who are no more crippled than you or I'."

May we encourage you to write your congressman in Washington and support the unanimous recommendation of the Fraser Subcommittee which calls for the creation of an interagency task force composed of the Department of Justice, SEC, IRS and others, joined by the House Ways and Means Committee and the Senate Finance Committee. This task force is to be charged with the thorough investigation of the illegal flow of millions of dollars and large numbers of personnel through a bewildering admixture of tax-

Scout Troop 997 Activities

On February 16th the Boy Scout Troop 997 and their leader Mr. Avis, age 72, went to Lupton for their Polar Bear Badge and the annual Klondike, which is a competitive event in the district.

At the Klondike the boys took 516 points out of a possible 600 points, taking 2 first place ribbons.

Some of the boys along with Mr. Avis slept outside the night that the temperature dropped to 40 degrees below zero.

The scouts sure do appreciate Mr. Avis for everything that he has done for scouting.

Nutrition Day Scheduled

By Merrily Baldwin,
Ext. Home Economist
"Nutrition through Life" is the theme for a day-long program on Saturday, March 10, at Alpena High School. Sponsored by the Northeast Michigan Nutrition Council, Mich. State University's Cooperative Extension Service, and WBKB-TV, the program is scheduled as the culmination of National Nutrition Week.

Keynote for the day is Dr. Kathryn Kolasa, MSU Assistant Professor of Food Science and Human Nutrition and Community Medicine. Her topic is "Nutrition through Life: The U.S. Dietary Goals." She will explain what these new dietary goals are and how they may affect the way we eat. In addition to her teaching experience at both MSU and the University of Tennessee, Dr. Kolasa worked as a test kitchen home economist at the Kellogg Company. She has published many articles for professional journals and is co-author of a textbook on community nutrition.

Janet Jacobson, MSU Extension Consumer Marketing Information Agent, will speak during lunch on "Food-From Production to Reduction." Mrs. Jacobson is familiar to many people from her regular appearances in the Tri-City television.

In addition to these two main speakers, the "Nutrition through Life" program will feature an exhibit area, educational brochures, a mini-consumer test panel, a nutritious lunch and the chance to select two of the ten special interest sessions.

Topics for the special interest sessions include Nutrition for Mother and Baby, Little Meals for Little People, Nutrition Legislation, Food After Fifty, The Healthy Vegetarian, Food Cost Comparisons, Food For One Or Two, Eating Out-Rating the Menus, Teen Nutrition, and Living Lighter and Livelier. Resource people for the special interest sessions include Molly Graber, R.D., Chief Nutritionist, Michigan Department of Public Health; Dora Greenwood, R.D., Dietary Consultant, Laura Hess, Michigan Office of Nutrition Administrator; Jean Jackson, R.D. Dietary Supervisor, Tawas St. Joseph Hospital; Carolyn Lackey, Ph.D., MSU Extension Specialist; Jean McFadden, MSU Extension Specialist; Jeannette Shadko, retired Extension Home Economist; Kris Sorgenfrei, Extension Home Economist and Mary Zehner, Extension Specialist, Mistress of Ceremonies for the program will be Miss Peg Carroll, hostess for the daily "Northeast Journal" television program.

"Nutrition through Life" is open to all interested persons without regard to race, color, or national origin. Reservations are due March 1. For further information on the program, please contact the MSU Cooperative Extension Service office in Roscommon County at P.O. Box 507, Roscommon, Mich. 48853.

Toss-Up Time

One of the regulars was late for his Sunday morning golf date, but he had an excuse. "It was a toss-up between golf and church," said the tardy one. "I had to toss the coin 15 times before it said I could play golf."

Smoking during Pregnancy Poses Danger to Unborn Babies

Samuel S. C. Yen, M.D.
Professor and Chairman
Department of Reproductive
Medicine
University of California
San Diego

An unborn baby shows a sharp decrease in chest breathing motion after its mother smokes only two cigarettes, according to new ultrasound findings. A disturbing image? Every pregnant woman who reaches for a cigarette ought to keep that image before her.

A fetus cannot be expected to thrive with a limited supply of oxygen. Yet that is essentially what a mother who smokes is asking her fetus to do.

Research from our laboratory shows that smoking in pregnancy causes a decrease in the fetal oxygen supply. Nicotine sets off a sympathetic nervous system discharge that causes constriction of blood vessels leading to the uterus. As a result, the blood flow carrying oxygen to the fetus is reduced. This, together with prolonged increase in the amount of carbon monoxide in the fetal blood stream may cause a continuous oxygen deficiency.

Smokers vs. non-smokers
The influence of smoking on the outcome of pregnancy can be seen when comparing groups of pregnant women who smoke with those who do not. Among women who smoke, there is a greater incidence of miscarriage, fetal distress, premature birth, low birth weight, and smaller-than-average body and head measurements in the newborn. Low birth weight, with its risks of disability and death, is four times as common, and fetal deaths have been 27 per cent higher.

We are not certain which of the 4,000 chemical compounds in cigarette smoke causes damage to a fetus. Some investigators suggest that it is none of these. They believe that smoking depresses the mother's appetite, causing her to limit her eating to a degree that brings about growth retardation in her unborn baby. Whether these effects on fetal growth carry over into childhood development is not yet known.

STUDIES NOW SHOW that among women who smoke there is a greater incidence of miscarriage, fetal distress, premature birth, low birth weight, and smaller-than-average body and head measurements in the newborn. To avoid these risks, women of childbearing age should not smoke.

The damage caused by smoking usually stops when, and if, a pregnant mother quits smoking. Breaking the habit before or, at least early in pregnancy is the best way a mother can protect her baby from the dangers of smoking. Pregnancy is an ideal time to educate her about dangers to her unborn baby and provide motivation for quitting.

Ways to stop

The Massachusetts Department of Public Health offers several recommendations to quit smoking among pregnant women. They advise health personnel to: (1) At the first prenatal visit, include cigarettes in the list of drugs known to have adverse effect on the outcome of pregnancy; (2) Tell pregnant women that smoking is even more hazardous if they have a history of miscarriage or newborn loss, bleeding, or placental complications; if they are anemic; or if they are in an older age group; (3) Consider testing every pregnant patient for carbon monoxide levels in her blood and warn her if the reading is high; (4) If a woman has any bleeding, question her about smoking and emphasize the dangers; (5) Provide pregnant women who smoke with the locations of "stop-smoking" clinics; (6) Enforce "no smoking" rules in all health facilities where staff and patients come in contact.

One sure thing

Although the "what" in tobacco smoke that endangers a fetus remains unsolved, the "what-to-do-about it" has a clear-cut answer: women of childbearing age should not smoke.

Dr. Yen is a grantee of The National Foundation-March of Dimes. As part of its nationwide program for prevention of birth defects, the voluntary health organization supports research into the effects of a mother's smoking on her unborn and newborn child.

Tours Of Warbler Areas To Begin

Nesting areas of Kirtland's warblers in northern Mich. will be closed and posted against public entry during the 1979 nesting season, according to the U.S. Fish and Wildlife Service (FWS).

Warbler watchers may see the bird and view nesting areas only by participating in guided tours, a FWS spokesman said.

Free guided tours to the nesting areas will depart from the Michigan Dept. of Natural Resources, Grayling Field Office in Grayling, Mich., and from the Forest Service Dist. Ranger Office in Mio, Mich.

The tours will begin May 13 and will be offered every day at 7 a.m. and 11 a.m. from Grayling, and at the same times every day except Wednesdays from Mio. Grayling tour schedules will end July 7, and the Mio tour will end July 27.

Actual sighting of Kirtland's warblers is not guaranteed, a tour guide said. The first warbler generally arrives at a nesting area around May 12. The latest recorded date of a first arrival is May 20.

"Chances of seeing the bird during early guided tours is less than optimum," the guide explained. "The best period for seeing the warbler is during late May and the month of June: the chance of viewing diminishes after July 1."

Tour participants are encouraged to bring binoculars or spotting scopes, the FWS says. Tape recorders will not be allowed, however, and tour guides will not be able to make special efforts for photographers.

Guides prefer small groups to lessen disturbance and increase the chances for seeing the warbler. Reservations are not necessary for individuals or small groups, but large groups are urged to contact one of the following offices after April 22 for reservations so that practical schedules can be established.

U.S. Fish and Wildlife Service c/o Michigan Dept. of Natural Resources, Grayling Field Office, P.O. Box 507, Grayling, Mich. 49738 Phone: 517/348-6371 or U.S. Forest Service, District Ranger, Huron National Forest, Mio, Mich. 48647 Phone 517/826-3717

Prior to April 22, answers to specific questions not covered above may be obtained from: U.S. Fish & Wildlife Service, Animal Damage Control Lewis Cass Building, Lansing, Mich. 48909 Phone: 517/373-8033

PREPARE FOR SUMMER BIBLE SCHOOL—Children attending the Calvary Baptist Church Bible School in June will be checked aboard the celestial space ship "Pilgrim I" by "Computers" and will dine in the "bubble" in the fellowship hall. The space bubble, held aloft by an electric fan blowing air, is the creation of Mae Niederer, director of Daily Vacation Bible School, and the brainchild of Dave England who brought the idea to Mae after having seen a similar project.

Mae has received official approval in a letter from the "Star Trek" program to use the theme "Space-Final Frontier".

The Bible School, which runs for one week immediately following the regular school year will have students transported to "Pilgrim I" by "shuttlecraft" (the school bus), taken aboard down "corridors" (hallways) to the "bridge" (the sanctuary) or the "council room" (classroom) and fed from the galley (the kitchen). In case of illness they will be taken to "sick bay" (a classroom) and preschoolers will be cared for in the "pediatric ward" (the nursery).

The stories which will be used will be on people that have been in outer space. (Fay Bovee Photo)

**Participates In
Iran Evacuation**

Navy Fire Control Technician, Second Class Mark N. Post, son of Douglas V. and Hazel L. Post of 100 Stuart Place, Box 150, Grayling, recently participated in the evacuation of approximately 200 U.S. citizens and 240 foreign nationals from Iran.

He is a crewmember aboard the guided missile frigate USS Talbot, homeported in Norfolk, Va.

The evacuation began late Feb. 21 on six U.S. Navy ships from the southern Iranian ports of Bandar Abbas and Chah Bahar. The ships arrived at Bahrain between Feb. 23 and 25, where the evacuees awaited further transportation by air.

The ships were deployed as part of the U.S. Navy's Middle East Force, which regularly operates as a goodwill and protective presence in the Persian Gulf, Red Sea, and Indian Ocean areas.

Post joined the Navy in September 1974.

**PROPOSED ORDER
TO CUT BUDGET**

State Budget Director Dr. Gerald Miller said recently that Governor Milliken must soon issue an Executive Order slashing \$40 million in state spending from the 1978-79 budget.

Revised estimates of revenue are up some \$45 million from Miller's earlier estimates, but supplemental appropriations which he says must be made put the budget out of balance.

Negotiations between the Governor's office and legislative leaders are currently taking place to determine what supplemental spending is necessary and where cuts might be made.

Miller is proposing a cut of roughly \$40 million. An Executive Order cutting the budget is subject to approval by the House and Senate Appropriations Committees.

I would be very reluctant to see cuts in the budget in such items as school aid and revenue sharing, and hope we can keep the cut to a minimum by paring down the supplemental appropriations bill and also by determining where cuts can be made without jeopardizing essential programs at the state and local level.

Wyoming Women
Wyoming has historically led the way for women's rights in the United States. In 1869, Wyoming was the first state to grant women the right to vote and hold office. A year later, the nation's first woman justice of the peace was elected—in Wyoming. Wyoming also elected the first woman superintendent of schools (1894) and the first woman state representative (1910). It also became the first state ever to elect a woman governor (1924) when Nellie Taylor Ross got the nod to succeed her late husband.

TURN ONS

It was on March 7 that he was born;
today his look is quite forlorn.
As his friends turned 40 he would joke;
and always took a friendly poke.
Today's the day, the table has turned;
the day for which his friends have yearned.
That day in which Bob, being sporty;
finally acknowledges that he's turned 40!

HAPPY 40th BIRTHDAY BOB McLACHLAN!

**St. Pat's Day
Races in Clare**

Clare—A 10,000 meter and 5,000 meter road race will highlight the St. Patrick's Day Festival in Clare Saturday March 17.

The race is sponsored by The Clare Sentinel and the Pioneer Striders Track Club. The Festival kicks off the year-long Centennial observance in Clare.

A parade starts at 12 noon followed by the road races at 1:50 p.m. and a slow bicycle race at 3 p.m. A trip for two to Ireland will be awarded Saturday night.

The races will run over paved streets through the city and surrounding county roads.

Registration is at the Clare High School from 11:30 to 1 p.m. on race day.

Trophies will be awarded to the top six overall finishers and 75 medals will be divided among the top finishers in each age group. Certificates plus special St. Patrick's Day T-shirts will be presented to entrants.

Entry fee is \$5 for pre-registration and \$6.00 the day of the race.

Entry blanks and additional information are available from Alfred R. Bransdorfer, The Clare Sentinel, 112 W. 4th St., Clare, MI 48617.

Age groups for males and females are 11 and under; 12-15; 16-18; 19-24; 25-34; 35-45; 46-55 and 56 and over.

Early entries are in from many runners throughout the state with the youngest so far 6 years old and the oldest 66.

Nature lovers from

Health-tex

Little nature lovers love Health-tex clothes 'cause they can take it. Stalking wild butterflies doesn't phase them—or the mommy who has to repair the ravages. Jeans and jackets, shirts and shorts, pants and playsuits in single knits, doubleknits or wovens—they're practically kidproof and all washable and permanent press too. For boys, sizes 3 months to size 8; for girls, sizes 3 months to 6x—at prices that won't phase parents either.

Road Commission Minutes

February 16, 1979

A regular meeting of the Crawford County Road Commission held in the office in Grayling, Chairman Richter presiding. Present were Chairman Ervin E. Richter, Commissioners Gloria Kraus and Grover Cason. Manager Charles Fox, Secretary Lorna Bernard. Absent Ron Herneke, Engineer.

The minutes of the last regular meeting were read, Gloria Kraus made a motion to accept the minutes with corrections, seconded by Grover Cason, all voted in favor, minutes approved. John Small appeared before the Board with a question about the limitation on driveways in the preliminary plat of Wheel-in-Estates. The minutes of January 26, 1979, had stated that only 8 drives would be allowed. The figure should have been 10 and is hereby corrected.

Voucher No. 159 in the amount of \$19,817.37 for payroll and Vouchers No. 87 to 158 for materials in the amount of \$73,579.15 were submitted to the board for approval. The commissioners signed and approved the billings.

The position of Shop Foreman was discussed, the manager was directed to present recommendations at the next board meeting, and was authorized to appoint a temporary Foreman. Cliff Henderlong met with the Board, who thanked him for his service to the Road Commission and wished him well at his new job.

A request was made by the State Highway Dept. in Alpena, requesting the use of a storage area to store the guard rail that is to be removed from the Expressway. The Board said there would be no problem as long as there was space for the guard rails.

A letter was received from Lakewoods Forest Products, requesting a permit to haul normal loads over 4 mile Rd., during weight restrictions in the spring. The Board instructed Mr. Fox to prepare a form stating certain restrictions for them to review at a later date.

Mr. Caylor of Caylor Insurance Co. appeared before the Board to explain the policies that were purchased by the Road Commission.

A billing was received by the United County Officers Association of Michigan for dues for membership. The Board decided at this time that there was no advantage in the Road Commission belonging, so therefore, they rejected the billing.

The Board broke for lunch and returned to the office at 1:00 PM and reconvened the meeting with estimates of the new building addition that was received (by phone) from Ron Herneke, Engineer. The estimated cost was as follows: New Building \$76,000. Remodel existing building \$12,000, and contingencies of 15% \$13,200. These costs are to be followed up by a cost analysis, to be discussed with the Board at a later date.

The Board approved a leave of absence requested by Jerry Annis for the dates of February 26 & 27, March 2, and March 5-9 1979.

The Board reviewed recommendations from the State Safety Consultant. The Board agreed with him that an aggressive Housekeeping program must be started and that we should appoint a Safety Director to make sure that the shop is safe for all the employees to work.

The Board discussed the changing and updating of the policy book. The policies are to be rewritten and submitted to the Board at the next regular meeting.

Ervin Richter made a resolution that whereas: It has been brought to the Commission's attention that used tires are not being accounted for properly. THEREFORE: the manager, Charles Fox is instructed to investigate procedures, and take measures to account for used tires. Resolution seconded by Gloria Kraus, all voted in favor. Resolution carried.

There being no further business Grover Cason made a motion to adjourn, seconded by Gloria Kraus, meeting adjourned.

Lorna Bernard, Secretary

February 23, 1979

A regular meeting of the Crawford County Road Commission held in their office in Grayling, Chairman Richter presiding. Present were Chairman Ervin E. Richter, Commissioners Gloria Kraus and Grover Cason. Manager Charles Fox, Secretary Lorna Bernard. Absent, Engineer Ron Herneke.

The minutes of the last regular meeting were read, Ervin Richter made a motion to accept the minutes as read, seconded by Gloria Kraus. All voted in favor, motion carried.

The position of shop supervisor was discussed. Mr. Fox is to continue working on a job description and the requirements that are needed to fill the job.

The Board discussed the position of the Doctor of Record for the Road Commission. The position was accepted by Dr.'s Dosch, Burkley and Waterfall from the Family Clinic.

Mr. Fox informed the Board that the County Road Association Meeting held in Grand Rapids is to be the 21st and 22nd of March. Reservations are being made at this time.

A discussion was held on the policies that are in force in the Road Commission. The changes in the policies are on file in the Road Commission office.

The Board broke for lunch and before returning to the office went on a tour of inspection of Old 27 and M-76, North Higgins Lake Dr., Chase Brige Rd., and Pere Cheney Rd. Upon returning to the office the Board convened their meeting.

A discussion was held on the purchasing of fuel and supplies by the County Airport Board. It was decided that due to the increased volume of sales and the added cost of labor and inventory involved, that effective March 31, 1979, we will discontinue sales of fuel and supplies to local governmental units except in emergency situations. The Board authorized the Manager to send a letter to the Airport Manager and the Chairman of the Airport Committee, advising them of this decision.

Mr. Fox discussed the brine wells with the Board and they instructed him to obtain prices for two tanks to be placed at the Martindale Well for Brine Storage.

The Board discussed the payment of Seven Hundred Fifty (\$750.00) Dollars to the Chamber of Commerce for the printing cost of the center-fold County Map incorporated in the Chamber Brochure. Ervin Richter made the motion to approve the expenditure, seconded by Gloria Kraus. All voted in favor.

There being no further business, a motion was made by Gloria Kraus to adjourn the meeting, seconded by Grover Cason. All voted in favor. Meeting adjourned.

Camp Shawono Activities

C.A.A.C. meeting held at Camp Shawono February 6, 1979.

Members present: Dick & Carol Wieber, Darlene Rowan, Bruce Haines.

Camp Council members present: Mohamed, Randy, Bob, Danny and Doug.

Mr. Haines gave the statistics for January 1979. No truancies during the month. Released 4, transferred 1, 9 new boys received. 48 boys in camp at the end of the month, with 1 boy truant and 2 on Leave of Absence pending release. Should be at capacity by end of the week. Average length of stay 6.75 months.

The boys felt morale in camp was good.

There was a discussion on truancy: reason for going truant, actions while truant, legal actions for trouble while truant, how to help others thinking about going truant, etc.

At the recent White Pine Stampede cross country ski race, 7 boys participated from camp. They all finished the 12 mile course. They are Tom Burns, Joe Lambert, Chuck Borgey, Dan Carnes, Jim Baker, Rich Lyles, and Jay Davis. Everyone in camp was proud of their success and the boys felt it was well worth the effort. The chairman of the race, Gus Konopnicki, is a teacher here at camp and is actively involved in cross country skiing with the boys in camp.

Some of the boys expressed an interest in starting a camp newspaper. It was mentioned that this had come up several times but no one had taken on the responsibility to get it along. Jim Baker said he would take it on.

The boys discussed the archery equipment with Mr. Wieber and plans for new stands.

The boys were trying to come up with more outside activities they might be able to get involved in. Bowling was one suggestion and was discussed.

The Awards Banquet of January 28th was successful and the boys were very enthused about the speaker, Mr. John Lewis, who had been to camp as a speaker before. He is a very effective speaker for boys who have been in trouble as he has "been there" and further. Dan and Doug volunteered to write a thank you letter to him.

Membership expansion was discussed. Anyone interested in attending a meeting with the possibility of becoming a member may contact the camp or any of the present members. The meetings are held on the first Tuesday of the month at Camp Shawono at 7:00 p.m.

The next meeting will be held on March 6, 1979.

Bits O'Talk

By Fay Bovee

The John Wilcox home has been busy during the last weekend when they had four of their children here for a special event. Clark Edward Wilcox, Jr. who was born on February 15, 1979, the son of Staff Sgt. Clark and Cindy Wilcox, was baptized on Sunday morning, March 4, 1979, at 11 a.m. at the Mt. Hope Lutheran Church with Rev. Paul Weber. Godparents were Jim and Dalene Corlew. Coming for the week-end were A.J. and JanEl Wilcox of Lake Superior State College, Sault Ste. Marie, and Gene and Julie Ann Andrews of St. Johns. Staff Sgt. John Wilcox III left Saturday, March 3, for Oson, Korea. He had spent some time at home before his parents took him to the airport in Traverse City for his flight to California where he will spend two days before leaving for Korea. Clark and Cindy have been in Grayling since February 8 and they will be leaving March 10 for Cherry Point, North Carolina where he has been transferred from Millington, Tenn. They have divided their time between the Wilcox home and Cindy's parents, Clarence and Lorna LaMotte. Mrs. Cathy Lester and two boys have left Grayling for Singapore where she joined her husband, Claude. She had been spending some time with her parents, Mr. and Mrs. Joseph Stripe, since they had left Iran. Mr. and Mrs. Don Millikin and family vacationed for two weeks at New Port Richey, Florida. Tim VanNuck accompanied the Millikins. Mr. and Mrs. Phillip Breen and family spent a two week vacation at Orlando and St. Petersburg Beach, Florida. They visited relatives and friends as well as sight-seeing. They visited the Neil Byce family and the Neil Rouse family in Gainesville. Bobby Rouse spent one day with them at Disneyworld.

Former Resident Honored For 25 Years With State Police

25 YEAR CERTIFICATE—Sgt. Edgar J. Caid Jr., center, is presented with his 25-year certificate of service "to the Michigan State Police and to the People of Michigan" by Captain William E. Chandler, left, Commander of the Fifth District, of Paw Paw. On the right is Lt. Carl Hulander, Commander of the Benton Harbor Post. Sgt. Caid is Team Commander of the New Buffalo team, which is under the jurisdiction of the Benton Harbor Post.

Sgt. Edgar J. Caid, Jr., of Three Oaks, team commander of the New Buffalo team of the Michigan State Police was honored this week upon completion of "25" years of service to the Michigan State Police and to the People of Michigan.

Sgt. Caid was presented with a certificate by Capt. William E. Chandler of Paw Paw, Commander of the Fifth District. Also present during the presentation was Lt. Carl Hulander, Commander of the Benton Harbor Post, under whose jurisdiction the New Buffalo team operates.

Sgt. Caid entered the Michigan State Police recruit school at East Lansing on Feb. 8, 1954; he completed recruit school and was assigned to the South Haven Post in April of 1954.

September of 1955 he was transferred to the Houghton Lake Post, where he remained until June of 1964 when he was transferred to the Brighton Post.

October of 1966 he was promoted to Corporal and

transferred to the New Buffalo Post. He was promoted to Sergeant in 1975.

June of 1976, the New Buffalo post status was changed to a team, under the jurisdiction of the Benton Harbor post, with Lt. Carl Hulander as commander, and Sgt. Caid became team commander of the New Buffalo post and has been operating as a team since June of 1976.

Sgt. Caid is a native of Lovells, Mich., near Grayling and graduated from Grayling High School. His mother Mrs. Ruth Caid still resides in Lovells.

He married Phyllis Miller of Adrian on Feb. 4, 1950. He was a dental technician prior to entering the Michigan State Police.

The Caid family has six children and four grandchildren and reside at 29 W. Ash Street, Three Oaks.

Sgt. Caid said this week that he has no definite retirement plans at the present time.

Offer Fluoride Treatment Here Sheldon Holcomb, SCS Soil Scientist, Announces Retirement

Topical fluoride applications are being offered again this year to children who have not been protected with fluoridated water.

Topical applications are being offered to children in specific grades and according to residence as follows:

1. Preschoolers (3 years and over), second, fifth, and eighth graders who do not drink water from the Grayling water supply.

2. Eighth graders who have lived in Grayling less than seven years, fifth graders who lived here less than five years and preschoolers and second graders with less than three years residence in the city.

Each child who participates will have a series of four appointments which will be scheduled one or more days apart. Each participating child will be given a toothbrush and instruction at the clinic.

Topical fluoride applications prevent 40% of new tooth decay, but it should be

remembered that fluoride will not prevent all tooth decay. Regular visits to the dentist, good toothbrushing habits, and the avoidance of sweets between meals will be necessary also for maintaining dental health.

The clinic will be held during the summer and the schedule will be announced in May. An appointment card will be mailed to parents two to three weeks in advance of appointments. The fee for this service is \$5 per child. For those parents who would like this treatment for their child, but find their money extremely limited, please call your local Health Dept. to discuss a possible fee adjustment.

In the next two weeks, cards will be sent home with the children. If you are interested, please send the card back to school before March 9, if possible.

Sheldon G. Holcomb, Soil Scientist at Grayling, retired March 2, 1979 with nearly 30 years of service to the USDA Soil Conservation Service. "Shel" has been the Area Soil Scientist based in Grayling for the past ten years. He has provided soil mapping and soil interpretations to landowners in the fourteen counties of northeastern MI.

Holcomb began his career in 1952 with the Soil Conservation Service in the Columbia River Basin Irrigation project in Washington State. He has worked in the states of Washington, Georgia and Michigan. "Shel" worked on, or completed, published soil surveys in Genesee, Grand Traverse, Eaton, Ingham, Clinton and Antrim Counties of Michigan.

Sheldon and his wife Shirley plan to remain in the Grayling area. His retirement

plans are indefinite at this time; however, pursuit of his hobby of gardening is foremost for the coming season. Later, some traveling may be in the picture. Visiting his two daughters, two sons, family and friends will be on the summer agenda.

Holcomb was born in New York state and moved to a farm in Sanilac County, Michigan early in his life. He saw two and one-half years of military service, spending time in France and Japan. He also worked for the U.S. Navy as a civilian.

The U.S. Department of Agriculture, Soil Conservation Service has recognized his many years of dedicated service. He has provided technical advice to hundreds of landowners, enabling them to better manage their soil, water and forest resources.

Caution Is Key To Next Year
In State Government ...
Governor William G. Milliken has opened the new legislative year proposing no

new programs, and in fact, expressed caution re-emphasizing the "age of caution" theme his administration sounded late last year.

In his 11th State of the

Social Services Board Meeting

January 23, 1979

303 James Street, Grayling, Michigan

The January meeting of the Crawford County Social Services Board was called to order by the Chairperson, Mrs. McNamara, on January 23, 1979, at 9:30 a.m. in the Department office. Members present were Maureen McNamara, Johanna Gorman and Carol Wert.

The minutes of the December 18, 1978 meeting were discussed and approved on a motion by Carol Wert, seconded by Mrs. Gorman.

The master vouchers (#8191-8258) for December 1978 were approved on a motion by Mrs. McNamara and seconded by Mrs. Gorman.

Mrs. Gorman informed the Board and the Department that she was now using the mailing address of 600 Spruce Street, Grayling, and was no longer using the Post Office box.

The following bills were approved for payment on a motion by Mrs. McNamara and seconded by Mrs. Gorman:

Wares Office Supply	Supplies	\$3.00
Grayling Office Supply	supplies	5.20
Cadillac Overall Supply Co.	maint., supplies	14.55
Miller Hardware	supplies	1.95
Crawford County Avalanche Inc.	advertisements	56.76
McLeans Promart	supplies	6.66

Mrs. Thomas informed the Board of the progress of the new building. A moving date of February 2, 1979 has been set. Mrs. Thomas informed the Board that she has notified the local newspaper and the radio station that the office will be closed on February 2, 1979 for the move, and will re-open on February 5, 1979 at the new address of 500 Milltown Corner in Grayling.

State Office has approved the move and the Hahnberg Moving Company will be making the move. General Telephone should have the phone system in the new building ready to go on the moving date. The stove and refrigerator for the new building are in and should be to the new building by the date of the move. Drapes for the new building were discussed and it was decided to order the drapes from Sears for the building. They will be a burnt gold and autumn orange color, and the cost will be \$181.87 (plus tax and shipping) and \$18.30 for the rods (plus tax and shipping). Mrs. Thomas informed the Board that herself and Mr. Porter would be making a trip to Lansing to pick out any used furniture for the new building and they would at that time look for a blackboard for the building.

New Business:
The new County Hospitalization Policy was discussed in detail. The new policy was set up to cover the definitions of emergencies and to set up some standards for coverage. The corrections and additions to the rough draft will be made and a corrected copy will be submitted to the Central Office for approval.

Pat Thomas talked about an emergency situation that has arisen, concerning one of the Adult Foster Care Homes in Grayling. The home has received shut-off notices from both Consumers Power Company and the Gas Company. Because of the situation, County funds were needed to prevent the shut-off. A motion was made by Mr. Wert and seconded by Mrs. McNamara to pay the bills for this month, however, the Board unanimously agreed that this assistance would be given one time only, and if another shut-off was received, any adults placed in this home should be removed.

Mr. Dennis Rau, Protective Services Worker, Crawford County Department of Social Services visited the meeting and explained his position within the Department to the Board. Along with his position within the Department he also explained his involvement with the Multi-Disciplinary Team and with the Parenting Classes.

The end tables for the reception area in the new building were discussed. Mr. Porter suggested the possibility of having the Wood/Shop Class at the High School make end tables. The Board agreed that this might be a very good idea and Mr. Wert agreed to contact them and explore this possibility.

Mrs. McNamara stated that she would be attending the MCSSA Mid-Winter Conference and Board Member Training scheduled for February 20-23, 1979. Mrs. Thomas will also be attending this meeting. It was decided that the Board would have a full day meeting on February 27, 1979 so that Mrs. McNamara could relay all of the information from the Mid-Winter Conference and Board Member Training Session.

Other than the scheduled Board Meetings the board members attended the following meetings:

Johanna Gorman and Carol Wert:
December 28, 1978 MCSSA District II Meeting in Gaylord (Full Day)

Maureen McNamara:
January 10, 1979 MCSSW GA Committee Meeting in Mt. Pleasant (Full Day)

Pat Thomas attended a GA-CIS Training Meeting at the Shoppenagon in Grayling on January 17, 1979. This meeting focused on the implementation of the new GA policy on CIS.

The new GA Medical Policy was discussed at this meeting. The new G.A. policy will be going into effect on April 1, 1979. The County is now (calendar year 1979) responsible for 20% of the GA expenses, with 80% of the monies coming from the state, with the state to be paying 100% in the calendar year 1980.

The accounts receivable report was discussed. A procedure will be implemented to check on the delinquent accounts. Mrs. Thomas suggested the possibility of sending a letter to the people to set up interviews with them to determine their ability to repay on these delinquent accounts.

The Food Stamp Outreach program was discussed. Mrs. Thomas explained that Roberta Wright has this program set up to begin on February 5, 1979 at five outreach locations. These locations are Beaver Creek Township Hall, Lovells, Fredric, South Branch, and the Senior Citizens Center in Grayling.

The Board was informed that the A.P. intake workers are no longer setting up appointments for people interested in receiving any type of assistance. They are now seeing the clients on a first come, first serve basis.

Mrs. Thomas explained to the Board why she had not contacted the Hospital in regards to the new County Hospitalization Policy. The board concurred that the fees would be in accordance with the standards set up by the Medicaid program.

Robert Porter suggested the possibility of inviting the community to attend the Social Services Board Meetings in the future. This would be implemented to expose the community to the Social Services Board and their functions.

It was decided that at the next meeting the 2 A.P. ongoing workers would be present. Therefore, Betty Worden and Lynne Reeves will be asked to explain their positions with the Department.

There being no further business to come before the Board, the meeting was adjourned at 3:30 p.m. on a motion by Mrs. McNamara seconded by Mrs. Gorman.

Chairperson, Mrs. Maureen McNamara
Vice-Chairperson, Mrs. Johanna Gorman
Member, Carol Wert

State message to the Legislature, Milliken continued with emphasis on reworking existing programs and laws, restructuring government agencies and restating previous proposals.

Politicians and government officials are tiptoeing into the new year before making any recommendations of changes in light of a possible recession during the current calendar year.

The governor's address was so matter of fact and routine that it was not once interrupted by applause.

However, House Speaker Bobby Crim of Davison said that may have been by design in that the government must recognize limits and not make any promises that cannot be kept.

Any possible tax relief was removed from the address this year because of the expected pressures on the budget and an anticipated economic slow-down. Fiscal experts are, at least, predicting a falloff of economic activity if not a full scale recession.

A major effort is expected later aimed at revitalization in both large and small cities.

The governor announced that his Lieutenant Governor James Brickley will head a community development cabinet and coordinate efforts at all levels of government to stimulate city development.

Further, the governor announced a nonprofit corporation will be formed to plan major neighborhood revitalization and industrial development project in southwest Detroit, with planning funds coming from the state.

Generally, the Milliken message exercised caution but emphasized there will be state assistance for local units of government to help themselves.

"Restraint need not halt progress. It provides an incentive to re-examine and revise. It's not going to hurt basic institutions to shake things up a bit," Milliken said.

Insurance Companies Being Watched On Inflation Guidelines ...

The state is keeping a watchful eye on insurance companies doing business in the state to make sure the companies adhere to President Carter's anti-inflation guidelines.

Acting Insurance Commissioner Jean Carlson has announced that all rate applications filed by insurance companies after January 29 must indicate whether the proposals will cause rate increases for a company or group to exceed the federal guidelines.

All companies and rating bureaus must notify the state Insurance Bureau by January 29 whether they intend to apply the guidelines to companies business expenses.

Carlson said premium renewal notices sent to policyholders after March 1 must state whether the company is complying with the guidelines.

A National Association of Insurance Commissioners' proposal allows companies to apply the guidelines to their nationwide business, thus allowing larger increases in some states if the overall effect is to stay within the inflation limits.

Exceptions will be allowed for changed coverages, classification changes, different experience ratings or other surcharges.

Unified Mental Health System To Be Sought by Task Force ...

A task force to develop a program for a unified mental health system will be established by Governor Milliken. A report is due September 1.

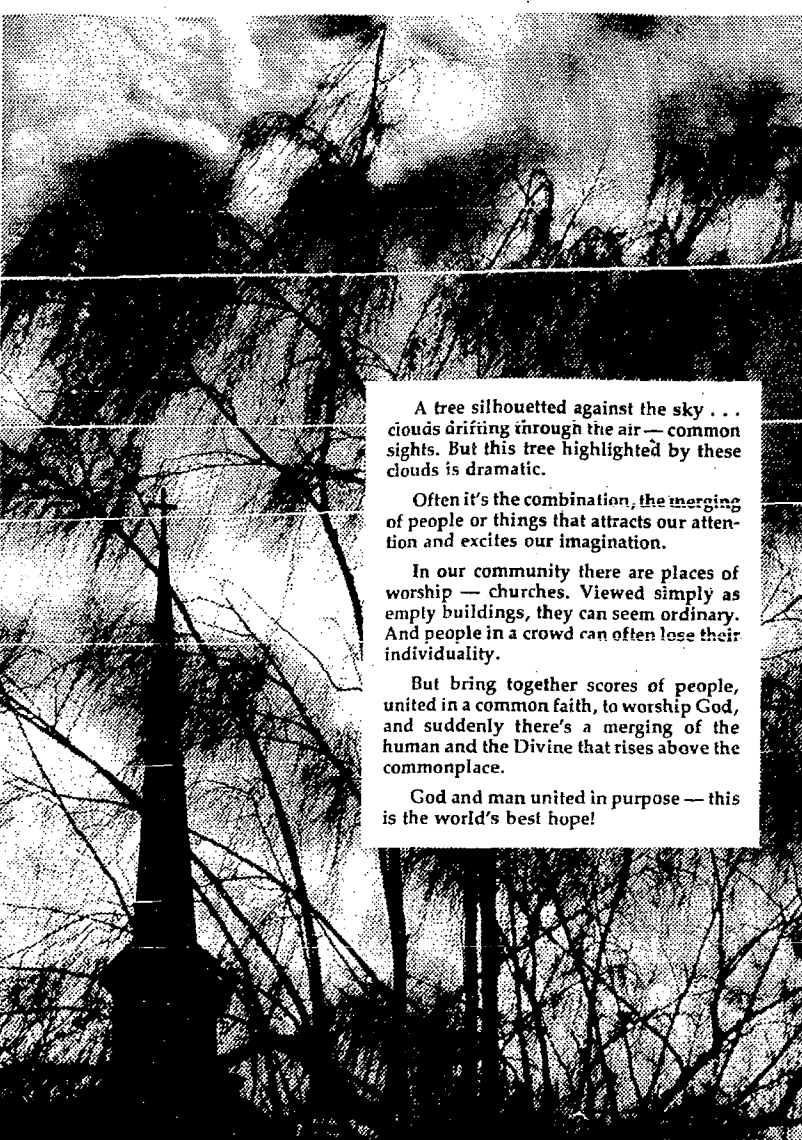

Milliken said a unified system would have a set of uniform policies applicable throughout Michigan and include establishing mandatory services offered through either inpatient, alternative residential, partial day or outpatient status.

The governor said counties or groups of counties could assume responsibilities to provide mandatory services or have the state provide the services.

Mental Health Director Vernon Stehman will chair the task force which is to suggest administrative alternatives to implement a unified effort.

Attend the Church of Your Choice

A tree silhouetted against the sky ... clouds drifting through the air—common sights. But this tree highlighted by these clouds is dramatic.

Often it's the combination, the merging of people or things that attracts our attention and excites our imagination.

In our community there are places of worship—churches. Viewed simply as empty buildings, they can seem ordinary. And people in a crowd can often lose their individuality.

But bring together scores of people, united in a common faith, to worship God, and suddenly there's a merging of the human and the Divine that rises above the commonplace.

God and man united in purpose—this is the world's best hope!

Health is top concern

RICHARD MILLIMAN

Time once more for one of our infrequent strolls, barefoot among the potpourri...

What's most important to most folks? Good health, according to a couple of recent surveys.

For example, a study by the Pacific Mutual Life insurance Co. showed "good health" was the most important thing in life for 70 percent of those queried. The next closest item was "peace of mind" favored by 39 percent. Way way down the line, listed as most important by only 8 percent, was a "high standard of living."

And if you don't believe a survey by a staid old insurance company, how about Playboy Enterprises? A recent Playboy poll, conducted by the Harris folks, showed the same thing. Playboy interviewed only men, who were asked to name the values which contribute most to a self-fulfilled life. In order of preference, the list went like this:

Health, love, peace of mind, family life, work, friends, respect from others, education, sex, religion and money.

Again, money finished low. Does that tell us something?

As long as we're into surveys, Institutions Magazine asked its 105,000 readers in the food service industry about favorite vices. The magazine got 6,000 answers, and the list went like this:

Overeating 36 percent, television 23 percent, booze 22 percent, laziness 21 percent, "loose women" 13 percent, fast cars 11 percent, pornography 9 percent, gambling and marijuana tied at 8 percent, and "loose men" 4 percent.

U.S. Rep. Thomas O'Neill is one of the free world's leaders in his position as Speaker of the U.S. House of Representatives, but nobody has ever accused Tip O'Neill of being a statesman.

This was underlined in O'Neill's recent visit with a delegation of protesting farmers in the Capitol, as reported in the newspapers.

"Seated behind his huge Grover

Cleveland desk, O'Neill puffed a big cigar and told the farmers he has supported their cause throughout his 28 years in Congress," one newspaper reported.

"But in an interview later he pointed out that there is only one farm in his congressional district—a 5-acre plot where he said a developer plants corn so he can get a break on the steep taxes on land there.

"O'Neill refused to predict what Congress might do about the farmers' demands, insisting: 'I go along with the farm bloc boys (in Congress) on this one, just like I ask them to go along with me on urban issues.'

That approach sure sounds like Michigan's State Rep. George Cushingberry, the Detroit who now heads the House Agriculture Committee, who indicated when he took over that job that he would use its power to try to line up rural votes for urban causes. Do you suppose Mr. Cushingberry has studied at the O'Neill school of Politics?

"America now has legalized gambling in three separate places," notes humorist Bob Orben, "Las Vegas, Atlantic City and voting booths."

Some closing nuts and bolts from Hod Shewell:

—One way for a coach to be finished first is to finish last.

—An unemployed graduate is one who talks to his boss the way he did to his teacher.

—Home heating bills this winter are increasing the frost of living. And these high electric bills are causing some short fuses.

—Behind every successful man is a good woman; now we know where all the good women have been hiding.

—If you miss a car payment, you can always hide the car; but how does that work with a house?

—Why is it the person who drives 10 miles to church gets there on time, while the guy who lives across the street invariably is late?

Kindergarten Roundup at Kalkaska

Cherry Street Elementary School in Kalkaska will have a Kindergarten Roundup for all children who will be enrolling in kindergarten for the 1979-80 school year the week of April 2 - 6. To be enrolled, children must be 5 years old on or before December 1, 1979. Please call the school office, 258-9146, to make an appointment before March 30.

Please bring the immunization record, the birth certificate, and your child along to the appointment.

Sweet Adelines Activities

Mid-Mitten Chapter held their weekly rehearsal Wednesday, February 28th, at the Roscommon Auditorium. Under full stage lights, Mrs. Dorothy Summerix helped us with our choreography and facial expression. We also discussed make-up and posture. We appreciate Mrs. Summerix giving us her valuable time in helping us. She is very knowledgeable in this area and we try to soak up "like a sponge" as much as we can on her visits with us. Thank you so much Dorothy, we really need you.

Saturday, March 3rd, we will hold our final training session before competition with Fred and John. It will be held at the Houghton Lake High School Auditorium starting at 3 p.m. One chorus has withdrawn from competition so we will now be singing in the #11 spot!

We were happy to have guests with us Wednesday. Ruth Swanson, now living in Gaylord, came with the girls from Grayling. Ruth was once an officer of our Region and a member of the S.O.C. Chapter. Virginia Burns, of Boyne City, came with Sandy Britton. Guests are always welcome!

What's Your Hobby?

After spending all day Sunday showing homes to one couple, the realtor asked, "Do you folks have any hobbies?"

"Yes," replied the wife, "we love to look through model homes on Sunday afternoons. I just wish we could afford to buy something."

Local Doctor Named Diplomate of ABFP

KANSAS CITY, MO.—Dr. Donald Burkley, Grayling, Michigan has been named a diplomate of the American Board of Family Practice (ABFP) as a result of passing a certification examination offered by the ABFP. He is now certified in the medical specialty of family practice.

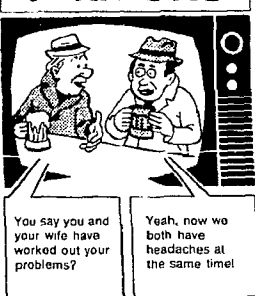

The intensive 2-day written examination is designed to prove the candidate's ability in the areas of internal medicine, surgery, obstetrics, gynecology, pediatrics, psychiatry and community medicine.

To qualify for the examination a physician must have completed either a 3-year family practice residency or have been in family practice a minimum of six years and successfully completed 300 hours of continuing medical education approved by the American Academy of Family Physicians.

ABFP diplomates also must continue to show proof of competence in the field of comprehensive, continuing care of the family by being recertified every six years. No other medical specialty requires diplomates to prove competence on a continuing basis.

The latest group of diplomates brings the total number to more than 19,000. Most are members of the Academy of Family Physicians, the national association of family doctors. The Academy was the first national M.D. group to require members to take continuing medical study, and was chiefly responsible for securing specialty status for family practice. This year is the tenth anniversary of the specialty.

Announcing an IBM seminar on small computers

If you're in charge of almost any kind of business, you've probably thought about how a computer could help with your expanding information needs.

Now there's a free IBM seminar designed for businessmen just like you. It features a discussion of the applications and benefits of IBM's small, easy to use, low cost computers, some as low as \$18,000.

Small computers can handle a wide range of important jobs, including order entry, invoicing, receivables, payroll, sales analysis, and inventory management, to name just a few.

Whatever your data processing requirements, the IBM seminar on small computers can help provide you with the kind of basic information you need to make an informed decision about the role of a computer in your business.

Interested businessmen are welcome to attend this free seminar. If you would like additional information, please call Steve Ernak or Dick Haan in Grand Rapids at (616) 942-6000.

STATE OF MICHIGAN
IN THE CIRCUIT COURT FOR

THE COUNTY OF CRAWFORD
In the Matter of the Complaint of the
State Treasurer of the State of Michigan
for and in behalf of said State, for the sale
of certain lands for taxes assessed
thereon.

LOREN E. MONROE, State Treasurer of the State of Michigan, respectfully shows unto the Court:

1. That he is the State Treasurer of the State of Michigan and makes and files this complaint under, by virtue of and pursuant to the provisions of Act No. 206 of the Public Acts of 1893, as amended, and Act

2. That Schedule A annexed hereto is the tax record required by the act first above mentioned and contains the description of all lands in the aforesaid county upon which taxes, which were assessed for the

years mentioned therein, have remained unpaid for more than one year after they were returned as delinquent, the description of all lands in said county heretofore sold off in the name of the State and thus

held and upon which taxes which were assessed subsequent to the tax for which such lands were sold to the State had remained unpaid for more than one year after they were returned as delinquent.

3. That extended separately in schedules against each description of lands therein contained are (a) the total amount of delinquent taxes upon said description for the non-payment of which the same may lawfully be sold at the next

annual tax sale, (b) interest computed thereon as provided by law to the first day of May, next ensuing, (c) a collection fee of four per cent which shall be a minimum of \$1.00 as provided by Section 211.59, C.R.S., and (d) \$5.50.

4. That all of the aforesaid taxes, interest and charges are valid, delinquent and unpaid, and have remained delinquent and

unpaid for sufficient time to authorize an
require, as provided by the foregoing act,
the sale of the aforesaid parcels of land
against which they were assessed and a
extended in said schedule at the next

annual tax sale for the non-payment thereof, and that the said taxes, interest, collection fee and expenses so extended in said schedule against each parcel of land therein described constitute a valid lien upon each of the said several parcels of

land described in said schedule as there-
and against which extended in favor of the
people of the State of Michigan, the
payment of which lien this court may
enforce as a preferred or first claim upon

Wherefore your plaintiff prays:

a. That within the time provided by law this court may determine and adjudge that the aforesaid taxes, interest, collection fees and charges are valid and constitute a valid

b. That within the time provided by law this court make a final judgement in favor of the party therein extended:

of the State of Michigan against each parcel of said lands for the payment of several amounts of taxes, interest, collection fee and expenses as computed and extended in said schedule against the

several parcels of land therein contained, and the amounts listed in the column headed "aggregate" shall constitute the amounts adjudged against the said several parcels, unless so amended by this court. That said judgement provide that

default of the payment so ordered of the said several sums computed and extended against said lands in said schedule. I said several parcels of land, or such interest therein as may be necessary

d. That your plaintiff may have, such other and further relief in the premises

And your plaintiff will ever pray etc.

A letter from Kirtland Community College regarding the Michigan Governmental Bookkeeping Course.

Letters from Michigan Townships Association regarding final approval of its first grant application under the Intergovernmental Personnel Act Program, special workshops on recent zoning act changes, and five copies of the 1978 Supplement to the book Authority and Responsibilities of Michigan Township Officials, Boards and Commissions.

A letter from the Board of Crawford County Road Commissioners stating that they are hosting the Vacationland Conference of County Road Commissions on February 22, 1979 at the Holiday Inn, Grayling, Michigan.

Motion by Schaibly, second by Walker to send Lloyd and Darrell Behlke to the special workshop on recent zoning act changes on Feb. 28, 1979 with the township paying the registration fee. All voted aye. Motion carried.

Motion by Harwood, second by Spencer to purchase five copies of the 1979 supplement to the book Authority and Responsibilities of Michigan Township Officials, Boards and Commissions. All voted aye. Motion carried.

Larry Hunty appeared before the Board to explain more about the 1979 County Plat Book. Motion by Schaibly, second by Harwood that Lovells Township participate in the 1979 County Plat Book and to pay the Grayling Sportsman's Club \$225.00 as our share. All voted aye. Motion carried.

Motion by Walker, second by Stahl that the mileage allowance for the Township be increased from 15 cents per mile to 17 cents per mile. All voted aye. Motion carried.

Schaibly reported that he had attended a County Commissions meeting regarding a CETA slot for a full time Lovells employee.

A public hearing will be held at 7 p.m. in the Township Hall on March 13, 1979 on the proposed usage of Federal Revenue Sharing monies for entitlement period 10. This will be in conjunction with the regular monthly board meeting.

The possibility of applying for a federal grant through the DNR for a Community Recreation plan was discussed.

Resolution: WHEREAS, it has been determined that there is a need for the creation of a local recreation Advisory Committee, and WHEREAS, it is within the established guidelines of Lovells Township Board for implementation and operation of said committee, and

WHEREAS, This Recreation Committee will follow the guideline established by the Lovells Township Board in reviewing and administering the recreation program, and in the development of a "Community Recreation Plan."

NOW, THEREFORE, BE IT RESOLVED that the Lovells Township Board approves the development of a local Recreation Committee.

This resolution passed by a vote of 6 to 0 at the regular Lovells Township Board meeting on February 13, 1979.

A list of the current bills was read by Abbott Walker.

Motion by Walker, second by Harwood to pay all current bills. All Ayes.

Motion by Harwood, second by Walker to adjourn the meeting. Meeting adjourned at 8:35 P.M.

Helen M. Spencer Clerk

Crawford Co. Housing Comm.

Grayling State Bank January 4, 1979-9:00 a.m.

Members present: John H. Alef, Evelyn Gardiner, Bernard Hinkle, William Ellingboe, Gordon Thompson. Others Present: Mary Kesteloot.

The meeting was called to order by Chairman Alef, followed with roll call.

Approval of December 7, 1978 Minutes: Motion was made by Gardiner, supported by Alef, that the December 7, 1978 Minutes be approved as printed; carried. All Ayes.

Application Review: Three applications were reviewed where the suggested action would be demolition and replacement. The cost estimate to bring each of these up to code would far exceed the resulting value of same. The Acting Director was instructed to get dollar amounts on these applicants for replacement purposes to help determine further action.

One application was reviewed for a second grant. It was the determination of the Housing Commission that most of the items were cosmetic, and that there are a lot of people in need for necessary code items. If there are code items involved, this application would be considered. Further inspection is to be done.

Three applications were presented for review. Total cost estimate to bring these to code was about \$30,450.00. Motion was made, supported, and carried to put these individual projects to bid.

One application was presented that involved emergency septic work. Motion was made, supported, and carried to spend whatever money was necessary to correct this situation.

December bids were awarded to Leland Marshall & Jack Waters, A.R. Hutchinson, and Superior Construction & Roofing.

Two applications were held back until February to allow the contractors to get their bids in. Delay was caused by the holidays. One re-bid came in on a project. The Commission felt that the bids were too high to justify for the resulting value of the house. The Acting Director was instructed to contact the people for their opinion.

An addendum for an ongoing project was put to bid, as the Commission felt that the cost presented was in excess of reasonable cost.

Financial Statement and Voucher list: The financial statement and voucher list were presented for review. Kesteloot noted that three additional projects have been finalized. Also, that new applications were coming in at such a rate that we will probably end up working on a "funds available" basis.

Motion was made, supported and carried to approve the financial statement and voucher list as presented.

Other: One application was updated. The Acting Director had been given information that the property was supposed to be up for sale. The application will remain in the file pending further action.

Ad for the Director's Position: The ad for the Director's position will be printed in the Crawford County Avalanche, and the Herald Times on January 11, and January 18, 1979. All applications to be in the office by January 26, 1979. These will be presented to the Commission at the February meeting.

Kesteloot asked if there would be any advantage to having the plumbers and electricians submit bids directly through the office. If this would make for more competitive bidding or if it would create more problems. The consensus was that this would probably create more problems as far as the coordination of project work was concerned.

Kesteloot mentioned the flyers that were printed and sent out by APS for the 3rd Year program. The response has more than justified the expense. The 31st application was processed on January 3, 1979, with more people calling in for appointments.

Adjournment: Motion was made by Gardiner, supported by Ellingboe, to adjourn at 11:15 a.m., until Thursday, February 1, 1979 at 9:00 a.m.; carried. All Ayes.

Mary Kesteloot Acting Director-Secretary

Ornamental Evergreens For Michigan

by Willard Bosserman Co. Ext. Dir.

Evergreen planted around the home can be esthetically satisfying as well as practical, if they are chosen thoughtfully and given adequate care.

"These plants provide a lively look of stability, permanence and color contrast, and many people consider them to be an essential element in home design," says Joseph T. Cox, Extension specialist in landscape architecture.

"Form, color, preferred growing conditions, hardiness and ultimate mature size should be considered when choosing the type of evergreen needed."

The selection and placement of evergreens should be based upon need in the overall landscape design. Not every plant will fit every need. There are, however, suitable plants for every need, including foundation plantings, background plantings, erosion control, ground cover, wildlife habitat and screens against wind, sun, sight and sound.

Proper spacing between plants is important. The distance between the centers of plants should be equal to the average mature spread of those plants. Spacing for plantings adjacent to buildings is also important. The best results occur when the distance from the building to the center of the plant is one to 1-1/2 times the mature spread of the plant. Recently the trend has been to plant even farther away from buildings.

Masses of a few types of plants are usually more satisfying to the eye than one or two of many types of plants.

Selection and arrangement of appropriate evergreens are not the only considerations. The planting site must meet the water, sun and soil requirements of the plants. Before planting, have your soil tested, not only for nutrients, but also for acidity. Some evergreens need special acid soil. Water requirements are important, too, especially if periods of drought affect your area. Help in choosing and placing evergreens can be obtained from a landscape architect, a nursery or a garden center.

A general guide to evergreens, describing their shape, height, spread, uses and preferred growing conditions is available. Write the Cooperative Extension Service Bulletin Office, P.O. Box 231, Michigan State University, East Lansing, MI 48824, and ask for Extension Bulletin 426 in the Home and Family series. Or contact your local Extension office in Roscommon. Telephone: 275-5043.
